Latest Rumor on Section 13 Dept.

"Hidden River Ranchos," that's section No. 13, to you, is sure living up to its name. The whole darned project is staying very well hidden as far as information is concerned.

Weekly News Review of the Joshua Monument Desert Covering Morongo Valley, Pioneertown, Paradise Valley, Joshua Tree, Sunfair, Indian Cove, Yucca Valley and Twentynine Palms

'Greenliner' to Ride Mainliner to Races

CINCINATTI, OHIO — "Greenliner," winner of Kentucky's Turtle Derby, will fly by TWA Mainliner to Los Angeles and thence to Joshua Tree where he will enter the competition in the Fifth Annual National Turtle Race Sweepstakes to be held Sunday, May 7th, at the Sportsman Club Park.

"Greenliner" (specie: tortis testudinidae gopherous) a tortis of the desert variety, is sponsored by the Green Line System Athletic Association of Cincinatti, Ohio, and is being trained by the club at the Cincinatti Zoo, according to Mr. John Koeph, public relations director for the Green Line Syhtem Transportation Co.

JOSHUA TREE — The following telegram was sent to Mr. John Koeph, public relations director of the Green Line System, Cincinatti, Ohio, by the Joshua Tree Chamber of Commerce:

Read with interest proposed entry of the Green Line System Athletic Associaion Turtle, "Greenliner" in Fifth Annual National Turtle Race Sweep-Stake Classic at Joshua Tree, California, Sunday, May 7, 1950. "Willie," famed local racing tortis, extends challenge to "Greenliner" in special race. Agree to accept any handicap to give "Greenliner" fair chance. Suggest mount shade attachment on shell of "Greenliner," California sunshine no respector of Kentucky soft-shell reptiles. Suggest TWA plane bearing turtle entry avoid this area in flight, high dust clouds result of "Willie's" training. Shellack on "Greenliner's shell nothing compared to shellacking he'll get here in race. California State Game officials agree waive visa requirements if "Greenliner" returned to Kentucky after race. No inferior foreign blood wanted mixed in California wild life. Welcome "Greenliner" chaperone as one of judges. Will allow equal "prestige" to back judge decision (calibre not to exceed .45). Advise against Hollywood cuties handling "Greenliner" before race. Local desert temperature not that high. Regards,

JACK CRANE, Pres.
Joshua Tree C. of C.

Phillips Bill HR - 7934 to Benefit Mines In Joshua Monument

YUCCA VALLEY — The Phillips Bill HR 7934 which was partially discussed at the Western Mining Council meet here Sunday, April 2nd, is the bill that local miners have been looking for, according to Charles L. Stokes, who commented on the bill at the meeting.

The bill, HR 7934, that was introduced in the House of Representatives in Washington, DC, on March 30, 1950, by Congressman John R. Phillips of Riverside, will benefit miners, contrary to expectations. According to the bill the boundaries of the Joshua Tree National Monument will be changed to eliminate the eastern end of the Monument, thus opening it to mining.

New Manager for Rock Gas

YUCCA VALLEY - The Rock Gas Sales and Appliance Co. of Riverside have purchased a lot near Stan's Feed Store and are constructing a sales and service unit for Rock Gas and appliances. "Des" Pogue, of Riverside, is the new manager.

The Rock Gas service will be on twenty-four basis, and will handle anything from small trailer botties to two-hundred and fifty gallon tanks. A new method of servicing will make a more efficient set-up according to Mr. Pogue. Single tanks will be installed to eliminate extra, expensive equiptment and all tanks will be serviced before they expire. Amount of gas remaining to be determined by weighing the tanks.

"People waste their gas," said "Des", a low flame is all that is necessary once boiling temperature has been reached." Economical service is the selling point of the Rock Gas company, according to Mr. Pogue. The Hi-way Garage will handle all after hour calls and immediate service will be made. Wife, Martine and son, John are residing with Mr. Pogue here in Yucca Valley.

PHILLIPS JUNKSHUN GAZETTE NEW DESERT NEWSPAPER

JOSHUA TREE — A new desert newspaper made its appearance this week to prove that the Joshua Monument Desert is really growing. The new paper, which so far is a mimeograph sheet, is published by developers of Section 14, T2N R6E. Section 14, as you may have deducted, is "Phillips Jungshun."

The homesteaders that make up the group developing this section have banded together to subdivide their government section and equip it with roads, lights, and water in the near future. A big "Get-to-gether" will be held May 6th on Section 14, day before the Turtle Races, that is.

Fontana Flyers At Giant Rock

JOSHUA TREE — Twenty-eight members of the Fontana Flyers clubs visited Giant Rock Airport, Saturday, April 1st. The flyers arrived in eight planes. Many of the club are members of Mercy Jumpers, a group that parachute into disaster areas to give first aid. The party stayed over night for a dance and breakfast.

Mr. Van Tassel stated that Francis Langford and John Hall are scheduled to fly out with a party in the near future.

FINISH LOCAL CADASTRAL SURVEY

YUCCA VALLEY — The government surveyors, under the direction of Roger Wilson, who have been encamped at Warrens Well for the past several months while making a cadastral survey of government sections in this area, have moved out and will set up their survey instruments near Taft, California.

Ladies Night for Lion's Ladies

YUCCA VALLEY — The Yucca Valley Lions Club, which is strictly a man's organization unbends slightly a couple times a year to allow the ladies to mingle with their aristocratic majesties; the occasion: Ladies' Night. This spring the Lions Club will entertain their ladies at the Golden Stallion in Pioneertown with a dinner dance. Date: Thursday, April 20th, Time: 8 p.m. sharp, Place: Golden Stallion at Pioneertown, Dress: semi-formal, Price: $2.50 per plate, Guests: members of the Lions Clubs and friends. Come prepared for a good time.

"My Man Godfrey" Next at Morongo Valley Theatre

MORONGO VALLEY—"My Man Godfrey", a comedy starring Don Carter in his first appearance as an actor in the Morongo Valley Community heatre, will be played Friday and Saturday nights at the Morongo Lodge. Mr. Carter, who is producer-director of the theatre group, has produced several fine plays so far this season and patrons are looking forward to his latest produceion.

Other members of the cast include: Wallace and Grace Bartlett, Dave Griesbach, Ruth Hale, Gene Cubit, Sue Mackenzie, Marian Wier, Eddie Lanning, Cecil Riding, Goldie Goodwin, Jean and Frenchy Lewis. The play which will be in "center staging" starts as a party for the whole audience and then gradually works into the real play. Sounds interesting.

Everyone Doesn't Want it!

At 9 a.m. on April 20, 1950, at the Riverside County Courthouse, the U. S. Forest Service will hold a public hearing on the request of the Mt. San Jacinto Winter Park Authority for a right-of-way over a section of Forest Service Wild Area land which at present blocks the intended route of the tramway. Conservation groups such as the Wilderness Society, the National Parks Association, the Izaak Walton League, the Audobon Society, and the Sierra Club are joining with local groups in welcoming this hearing, for it represents the very first opportunity in Southern California to have a full and free public discussion on the many problems involved.

While granting that the project would be a tremendous engineering echievement and would give many people a spectacular ride, conservationists believe the project should be opposed for a number of reasons.

New Market at 29

New enterprise for Twentynine Palms, announced this week is Smith's Ranch Grocery, established by Thelma and Bill Smith at their homestead-ranch north of the post office.

With the establishing of this grocery, fresh meats and frozen foods, the public is offered a variety of name-brand items, advertisement of which appears in this issue.

The Smiths are rated among the first to settle at Twenynine Palms, Bill coming here to take his claim in 1923, and in June 1930, married Thelma Mead. Their eldest son and daughter Raymond and Gail, were the first children born at Twentynine Palms.

With the addition of the grocery business the Smiths virtually have a "city of their own," what with owning the large recreation-rink leased by the Park district; manufacture ice cream for their fountain and for retail; ice and domestic-water delivery, and with about 30 trailers at their park.

During summer evenings patio movies are shown at the ranch, with the regular square dance parties on Saturday nights following in the rink.

NEW OWNER OF BUILDING SUPPLY TO ERECT LUMBER SHEDS

YUCCA VALLEY — Jack Phoenix, manager and one of the new owners of the Yucca Village Building Supply, plans to erect lumber sheds and install a full stock of lumber in the near future. Phoenix, in partnership with Silas Stanley and Mr. Stiddum is at present completing inventory in preparation for a clearance sale before making major changes in the business.

"Turtle Talk"

JOSHUA TREE — (This column will be dedicated to the subject of turtles and turtle racing, until after the 5th Annual Running of the National Turtle Sweep-stakes Classics at Joshua Tree, May 7th.)

"Willie", last year's entry by Louise Gray, the turtle who was recently found in the Monument heading for the Races, and who, all by himself crawled into the Turtle Corral, is working out at the Halstead Ranch in Sun Valley . . . Jim Shearn had one race-track bum show up at his back door last Thursday for a hand-out. (note to kitchen "konnoisseures": desert tortis are not soup turtles). Seems as if this year the turtles are seeking out their managers . . . Several "authorities claim that painting a turtle with oil paints will kill the turtle (for anything as slow as a turtle, lead poisoning is apparently quick death) . . . Hint for turtle hunters: If you find a wide, deep hole under a creosote bush, it is possibly a turtle's hibernating place. Follow his tracks and you'll find B'rer Turtle (wear your hiking boots, as he may be ten miles away by now.)

Real Estate Boom

JOSHUA TREE — According to a survey of all the real estate offices in Joshua Tree a total of $81,400.00 worth of real estate has turned over since March 1st. Indications are that this has been the best year in more than three years.

Well For Cryin' In Your Beer!

YUCCA VALLEY — It's a sad story, comrades, but there will be no beer for Yucca Valley's traditional Fourth of July celebration at the Legion Hall annual barbeque, this year, and perhaps indefinitely, for the Legion membership voted unanimously at last month's meeting to eliminate the "foul" brew from the menu.

Post 469's annual barbeque has been notorious for its Fourth of July celebrations in past years, and many a Legioneer likes to reminisce on past celebrations when the amber liquid flowed freely, and some would rather not hear any more about it. But it was decided by the membership that it would be a saner Fourth of July if only soft drinks and good Yucca Valley coffee were served instead.

An Orchid and A Scallion

Either it's the spirit of Easter, or else we're growing up emotionally along with the development of our communities. At least there seems to be a different attitude towards each other lately as a few incidents have indicated. Pointed insults by a few small-minded persons that reached the pages of the Joshua Journal and one metropolitan newspaper recently went practically unchallenged. Perhaps the time has come to plan some major developments for the entire Joshua Monument Desert. We might be able to cooperate, now.

* * * *

We're having a difficult time trying to establish in the minds of a few individuals that this is NOT the Joshua TREE Journal. We try to cover all the communities with our news and try not to be partial to any community. Please! we're getting awfully tired of head-line counters. We don't care WHERE the news happens.

Letter to the Editor

Dear Ed:

I kum to th' desert to cash in, no doubt. In the mean-time, Ed., I've worn six burrows out. — "C. Peet"

Hutch Sez:

"The wind had us believing that March from April has been thieving."

Operation Bonus

Beginning in this week's issue the Joshua Journal will pay a dollar ($) to each subscriber finding his or her name in the Advertising section of the Joshua Journal. Only qualifications are: regular subscriber, good eye-sight and a penny post-card informing the Journal that you've seen the name. Claim must be made within seven days of publication.

Greenhorn Gardner

BY RUTH HALE

GREENHORN GARDNER
RUTH HALE

When a little grandson visited me recently he disappeared for a little while and then came back with a handful of wildflowers. We all admired the flowers and then I asked him where he had picked them. He pointed, and I saw that it wasn't on my land. So, I told him that it was against the law to pick the wild flowers and for such godo reasons: in the first place wild flowers wither very quickly and lose their beauty and more important is the fact that he flowers when left to bloom for all to see, give great pleasure to many and then when let to go to seed there will be flowers another year. So if everyone just picked just a few blossoms, soon the wild flowers would be no more. We missed the little fellow again and what do you think we found him doing? He was down on his knees and was planting the flowers. He learned his lesson early, wish the oldsters would do as well.

Recently I found that there is a seed house and nursery in Los Angeles where wild flower seeds and plants may be purchased. An idea came to my mind which I would like to talk about. As most of us know, the road-sides are practically denuded of flowers, partly because they have been removed by thoughtless persons or because of the work on the roads. It seems to me that it would be a winderful thing if we could each one put a litle money into buying wild flower seed and planting them along the highway from Morongo Valley to Twentynine Palms. This planting should be done in the fall just before the rains. Would my readers let me know what they think about this?

A number of people have asked if I know where to get the smoke tree. I found that there is a place near Mecca where the trees may be bought in cans. As to its adaptability to many locations, I don't know but it might be worth experimening.

If anyone wishes the address of the nursery where the wild flower seeds and plants may be purchased, you may have it by sending a self addressed, stamped envelope to Greenhorn Gardner in care of the Journal.

Lowly Philosophy

By JUNE LeMERT PAXTON

VISIONS PRESAGE REALITIES

Up here in the Little San Bernardino Mountains the evenings are still chilly, but the burning paper-logs in the fireplace give the room a comfortable warmth. The wind which blew so savagely all day has settled down; only a pensive breeze moans around the corners of my cabin.

Some people claim that they can "see things" in tea leaves, some in the cards, while others look into a crystal ball. My favorite medium for taking mental-journeys into the future is found in the whims and colors of the flames in the open-grate fire. Tonight I am in just such a mood!

In fancy as I travel along the old desert-road I can see it is about to make a turn; a turn to the right around rocky boulders. Yet I know that I shall say right on this trail for, somehow, somehow very strongly, I feel that just around that curve to the right here will loom for me a wider vision: a greater opportunity to do more worth-while things.

The hour is late and it is time to snuggle down in my bed here by the firelight. And it is time to say a prayer to the Great Spirit Father for all peace-loving people - - - near and far. God keep each one safe — and happy.

Harvey in Hollywood

Harvey in Hollywood

IT'S EASY TO WRITE FOR THE MOVIES: All you have to do is read the daily papers. Anyway, that's what MARTIN VAN LAAS did when he wrote "Mystery Sub," based on the recent California stories of submarines off the West Coast. Republic bought the story and you'll soon see it on your screens.

TWO HOP-ALONGS??? A new Hoppy may gallop across the hills soon if present plans of Harry (Pop) Sherman are carried out. Pop, the original producer of the Hoppy westerns, still owns 6 of Clarence E. Mulford's stories, and is reportedly planning to make them with an unknown in the role. But, will the kids accept anyone except BILL BOYD as Hop-Along? Frankly, we doubt it.

ODE TO THE JOURNAL

Up there in the Joshua Desert
where the cattle used to graze
And peace and quiet used to reign
throughout the lazy days,
So many troupes of cowboy actors
are busy going places
They need a squad of traffic cops
to regulate the chases . . .

Annual Report to Ambulance Ass'n.

(Continued from last issue)

On July 21, 1949, in a step taken to make it more convenient for members, memberships were placed on an annual basis and new rules and regulations announced and published in the July 27 issue of the Joshua Journal. These included the stipulation that patients would be taken to points within San Bernardino County only, with the exception of nearby Palm Springs, which is in Riverside Co. We felt this was another improveeliminate the possibility of the ment in our service, as it would ambulance being gone for too long a period of time when delivering patients to far distant points. Also, there was the element of cost involved in making such long trips.

Naturally, as is the case with every civic organization, we have not had smooth going; we have been subjected to criticisms, some constructive, many destructive from many sources and especially from a certain few individuals right here in Joshua Tree. Rendering the type of service that we do and, up until March 13 of this year, on a purely voluntary drivers basis, there have been occasional instances of misunderstandings and perhaps delays. These we frankly admit, but, at the same time we want it to be known that at all times every effort was, and is, being made to cut such instances down to an absolute minimum.

So it was that on March 13 of this year, after a bad incident, the Board of Directors voted that we have paid regularly employed licensed chauffers only to drive the ambulance. Ken L. Williams was selected as Day Driver, Bud Lisby Night Driver, and C. S. Wood, Relief Night Driver. We sincerely feel that in taking this step we are giving every member further assurance of a truly prompt and efficiena service. We are very grateful to all those drivers who so generously volunteered their services this past year and took a sincere interest in the Association.

Prior to this, in January, we purchased and equipped the ambulance with an oxygen tank and mask — another splendid addition to our service.

During the year thirty trips were made, and according to our records in six of these cases our service was actually instrumental in saving the lives of the patients. From the many commendatory letters which we have received and testimonials from those who have had to call upon the services of the ambulance. I honestly feel that we have been and are rendering a service of tremendous and outstanding value to the entire Valley. I want to assure you that it shall always be the earnest desire of each and everyone of your Directors, as well as Drivers, to continue to give the best service possible at all times. The loyal support received in the past from the communities serviced by the ambulance — Joshua Tree, Morongo Valley, Sun Valley, Yucca Valley and Pioneertown, is indeed deeply appreciated. We hope that in the coming year we shall have the support of all the citizens and soon be able to number every family as a member of our Ambulance Association.

Community Chapel

The Joshua Tree community chapel was filled to over-flowing last Sunday. Dr. Williams delivered a marvelous sermon, and dedicated the new bell and organ in an impressive ceremony.

The Yucca Valley Easter Sunrise service was well attended in spite of an early morning snow flurry that failed to discourage the crowd. Rev. Eddie Garver, the Desert Parson, lead the services under the big cross and statue of Christ at the entrance to Water Canyon.

Don't take a chance! JOIN THE AMBULANCE ASSOCIATION TODAY!

'DOCTRINE OF ATONEMENT'

Christian Science Theme

"If any man sin, we have an advocate with the Father, Jesus Christ the righteous." This statement from 1 John will be the Golden Text of the Sunday Bible lesson on "Doctrine of The Atonement" in all the branches of The Mother Church, The First Church of Christ Scientist, in Boston.

"I am the good shepherd, and know my sheep, and am known by mine," declares Jesus in John's Gospel. The Scriptural selection continues, "Then came the Jews round about him, and said unto him, How long dost thou make us to doubt? If thou be the Christ, tell us plainly. Jesus answered them, I told you, and ye believed not: the works that I do in my Father's name, they bear witness to me . . . My Father which gave them me, is greater than all; and no man is able to pluck them out of my Father's hand. I and my Father are one."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes: "Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage. His mission was both individual and collective. He did life's work aright not only in justice to himself, but in mercy to mortals,- to show them how to do theirs, but not to do it for them nor to relieve them of a single responsibility."

Joshua Tree Notes

Mr. and Mrs. L. P. Shaw of Santa Ana have been staying here for the past week. The Shaws own a ranch in Morongo Valley . . . Mr. and Mrs. J. V. McKane of Monterey have been visiting Mrs. Pepper the past week. Mr. McKane is in the State Park Service and has the interesting job of restoring old Missions. Mrs. McKane's mother, Mrs. Emily Endicott will remain another week at Mrs. Peppers. The McKanes have a five acre tract near Sun Valley which they plan to improve in the near future. . . .

. . . Jackie and Carol, daughter of Mr. and Mrs. Edmond Ramsey of L. B. spent Easter vacation with Don and June Houghton, of the Sport Center . . . Mr. Chas. A. Wakefield, who has been recuperating from an operation at the York's, planned to return to work this week . . . Lois Clark and Helen Jackson spent the past week at Helen Gerhardt's place . . . Dean and Rosemarie Campbell spent the week at their home here . . . Betty Buckley was also in town during vacation.

Pioneertown News

The latest we've heard on when the next "Cisco" picture starts is, "two or three weeks" . . . Full house at Bushes this week: Mr. and Mrs. Clancy Dunbar of Whittier, Ruth and Art Merriweather of Nevada, also Rose Dunbar and Jack Carney of Whittier . . . . . We'be got an epidemic of busted bones lately, Zeke got his dismounting from a moving auto, and Johnny List tried to ride Roman style on a couple of saw horses and cracked his saddle bone . . . Among other things, Shorty Creswell is also emergency ambulance driver . . . B. Copley of Yucca Valley, who can't see a blond at ten paces, has highest score on the Pioneer Bowl gunnery target . . . Pioneer Bowl started the Summer League this week. Team members must average 185 to qualify for league. Three more teams are needed in the Desert League; Tri-Valley League is already full.

Joshua Tree Community Ass'n.

The Joshua Tree Community Ass'n will hold its first monthly meeting of April in the Community Hall at Joshua Tree April 13 at 8 p.m. It is hoped we will be able to have some interesting pictures, altho there is nothing definite regarding this yet.

Resolutions on Hoover Report

THE AMERICAN LEGION — Auxiliary Jnit 469 of Yucca Valley met for their regular meeting Ap. 4. A very delicious potluck supper was enjoyed. President Florence Harmon and Mrs. Julia Overbay reported on the district meeting held at Redlands where the National President of the Auxiliary spoke.

Plans were made to help the legion put on an Esater Egg hunt for the children.

The Auxiliary is joining the 29 Palms Auxiliary in sending a girl to Girls' State this summer.

Quite a number reported letters received from our various representatives in Congress in reply to our letters apposing the recommendations of the Hoover Commission in regard to Veterans affairs.

The Auxiliary is joining with the Legion in having an official installation the 21 of April at which time several state officers will be pre-

Yucca Valley Notes

Fred Sanders is taking a vacation while a broken toe heals. He fell off a tanker and landed on the side of his left foot to avoid re-breaking a heel . . . Mrs. Allman (daughter of Mr. and Mrs. Wilson C. Lindsay) her husband John and daughter Nancy, were visitors over the week-end, also Gillison Dalton of Whittier . . . Friends of our new cafe owners, the Barones, A. Mayo Bradfield and wife, just purchased a lot in Yucca Acres and plan to build soon. The Bradfields bought after being in town thirty minutes. . . .

. . . Milton Myers and family, formerly of Yucca Valley were visitors of the Tunstalls over the week-end. Ed Segir of the Ocean View Fire Dept. was also a guest . . . The Hi-Way garage needs a set of watch repair tools for Mrs. Garrison's Crosley. . .

YUCCA CORRAL ACRES INSTALLING WATER LINES ON TRACT

YUCCA VALLEY — The Yucca Village Water Co. is installing water lines on the Yucca Corral Acres tract east of the Village. McClung and Mouldenhauer are doing the installation.

Morongo Valley Notes

Ralph Gordon expects to open his new market in the Annex in about ten days. To be equipped with meat market, also . . . Sorry we mispelled your name, Mr. Rosvall (is this correct?) We got it second-hand . . . Mrs. Rosella Hess is seriously ill at the Riverside Community Hospital. Has had several blood transfusions . . . Mr. and Mrs. Charles Spray went to Compton this week to help take care of their new grandson. . . .

"Flying saucers, we don't think
Are half so nice as elephants pink."

THE STORY OF TEN LITTLE FREE WORKERS

THESE ARE THE WORKERS

REDDY DOCTOR RAILROADER MINER STEELWORKER FARMER LAWYER GROCER SALESCLERK REPORTER

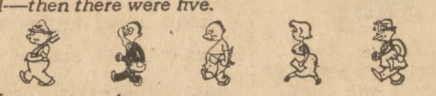
Ten little free workers in this country fine and fair.
But if you cherish your freedom—worker have a care!
Ten little free workers—Reddy was doing fine
Until the socialists got him—then there were nine.

Nine little free workers laughed at Reddy's fate
Along came federal medicine—then there were eight.

Eight little free workers thought this country heaven
But the government took over the railroads, then there were seven.

Seven little free workers—'till the miners got in a fix.
Uncle said coal's essential and took over leaving six.

Six little free workers till the day did arrive
The steel mills, too, were federalized—then there were five.



Five little free workers—but the farmers are free no more
The farms have been collectivized—that leaves only four.

Four little free workers till the government did decree
All must have free legal advice—then there were three.

Three little free workers—the number is getting few.
But with government groceries selling food—then there were two.

Two little free workers—our story's almost done,
With clerks at work in federal stores—that leaves only one.

One little free worker—the reporter son-of-a-gun
Mustn't criticize government—so now there are none.

© RK

Ten little workers—but they are no longer free
They work when and where ordered, and at a fixed rate you see,
And it all could have been prevented if they'd only seen fit to agree
And work together instead of saying "it never can happen to me!"

NEW HOME

Among the proud owners of one of the newest homes in Yucca Village are Mr. and Mrs. Robert Drackett, whose new home on Navajo Trail at Cherokee has just been finished by Howard Heard of the Yucca Valley Construction Co.

Mr. and Mrs. Drackett are formerly of Redlands and Banning. Mr. Drackett was for many years in the automotive repair business, while Mrs. Drackett operated her Ria Montaigne Dress Shop in Banning until their marriage. They came to Yucca Valley in November of 1949 and Mr. Drackett has found wonderful relief from sinus trouble.

Mrs. Drackett's daughter and son-in-law, Mr. and Mrs. Jack Beauvel, formerly internationally known dance team, are owners of the San Gorgonio Inn and restaurant in Banning.

Sunfair Notes

Just wanted to make sure that folks are reading the Joshua Journal. Of course we know that the Terrazas only have six "poults." . . Bob and Dorothy Wade, and friends were out looking over their property Sunday . . . Mrs. "Chet" Bunker spent Easter vacation at the Bunker cabin. For those who don't know, Mrs. Bunker is secretary of Los Angeles City College . . . Mr. and Mrs. E. L. Berman, parents of Alma Summers, are returning to Indiana. Spent the winter here. See you next winter! . . .

Latest poult count which includes fifteen hundred more, each, for Wetmores, McClanahans, Freye-Harmon and Weygolds ups the total to over thirty thousand turkeys so far this season.

Young Fruit Trees Need Sunburn Protection

"Tree fruit growers can save themselves future trouble by protecting their young trees against sunburn," says Farm Advisor Geo. Bowman of he University of California Agricultural Extension Service.

The farm adivsor suggests several methods of protecting young trees. Whitewash, or similar ready-prepared substitutes made for tree painting are used by many growers. One of the simplest and cheapest systems is to wrap the trunks loosely with newspapers. Stereotype mats, which may be obtainable at print shops are also excellent.

Tree trunks or portions of limbs not shaded by leaves often have their bark sunburned and killed. After the bark is damaged, it is easy for borers to get into the tree, and for some borers, there is no satisfactory remedy.

Dick Summers Starts Turks

SUNFAIR — Dick Summers, son of Forrest Summers, has started in the turkey growing business this spring after long deliberation over the counter at the Cantina. Dick, his wife and young son, moved from Baldwin Park last week and have been quite busy getting ready for fifteen hundred poults this coming Saturday. Good luck, Dick.

Bert King Offers Free Gas

TWENTYNINE PALMS — Bert King, local butane distributor, has offered to furnish the butane and hook-up to any booth at the Turtle Races in Joshua Tree, free. Of the some forty odd number of booths at the Races this year, several will need butane service. Thanks, Bert, for the fine cooperation.

Pillsbury's BEST XXXX FEEDS

"We're getting more Eggs than ever"

Pillsbury makes a specialized line of egg feeds, equally suitable for large or small flocks. These feeds are scientifically formulated to help good birds produce up to the limit of their ability — and to keep costs down to a practical figure. Come in and let us explain the flexible, economical Pillsbury Best Feeding Program.

"All's Fair In Sunfair"

SUNFAIR

The new community of Sunfair is a group of small ranches devoted to the business of growing Turkeys — Located six miles Northeast of the town of Joshua Tree.

A NEW IDEA IN RANCHES —
Ranches are surveyed into parcels of 1 1/2 - 3 - 6 and 10 acres — All ranches sold are served with WATER, ELECTRICITY, and PAVED ROADS.

Our Third Year

This is our third year growing turkeys commercially at Sunfair —We have proven this high desert location is as near perfect as it is possible to obtain for the development of the turkey industry.

Thirty Ranches

Last year there were nineteen ranchers growing turkeys at Sunfair — The year before there was only seven; This year there will probably be at least thirty turkey ranches in full operation.

Let Us Show You

We will greatly appreciate the opportunity of showing you around SUNFAIR and the turkey ranches.

TURKEY GROWING IS A GOOD BUSINESS
